

Promote Your Business to Hundreds of Women in Business

On Saturday, 23 September, the Australian Businesswomen's Network will present the **9th Annual Businesswomen's Seminar and Expo Day** in Sydney at the AJC Convention Centre.

The target audience is the female business owner, an emerging and fast growing part of the business community. *The 9th Annual Businesswomen's Seminar and Expo Day* gives businesswomen a fighting start by supporting them to learn what they need to grow their business in a smart and profitable way and give them access to goods and services that will assist them in achieving this outcome.

Use this opportunity to promote your business through the Delegate Show Bag.

A limited number of opportunities exist to participate in the show bag that every delegate will receive. We'd like you to be involved.
